UNIVERSITY OF MONTANA, MISSOULA, DECEMBER 16, 1915.

No. 26.

JAMESON AND SEVEN OLD DEBATERS NAMED

Students Who Represented the University Last Year Are All Among the Eight Selected by Judges.

Will Long, university debate manager, won first place in the final try-outs which were held in convocation hall Wednesday afternoon, on the question, "Resolved, that the United States should adopt a responsible form of cabinet government." The following eight men won places in their respective order, Will Long, Payne Templeton, Stuart McHaffie, Alva Baird, Leo Horst, William Jameson, Howard Johnson and Clarence Streit. Miss Hazel Baird was chosen first alternate and the other speakers were chosen alternates in their respective order, Leslie Shobe, Otto McDonough and Leslie Wilson.

Seven of the eight places were awarded to the veteran debaters, while William Jameson, a freshman, was the only new man who placed. Mr. Long, and Mr. Templeton are seniors entering upon their fourth year in debate. Mr. Templeton has won four out of five debates, while Mr. Long has never been defeated in his five intercollegiate debates. Mr. McHaffie, a junior, and Mr. Baird, a senior, have been successful in the two debates in which they have participated. Mr. Horst and Mr. Johnson were on winning teams last year. Mr. Jameson, a first-year student, who won sixth place, was a member of the Roundup high school debate team which entered the semifinals of the state contest last year.

First Debate.

The six speakers who took part in the first debate, which was held in convocation hall yesterday afternoon at 4:30, were: Otto McDonough, Clarence Streit and Leo Horst, the affirmative team; and Leslie Wilson, Leslie Shobe and Hazel Baird, who argued the negative side of the question.

The affirmative team showed that the proposed cabinet system was more efficient than the congressional system, that under it the people and not political parties would rule, that the cabinet systems would develop harmony between the executive and legislative departments of the government and that the responsibility to the people was definitely fixed.

The cabinet form of government lacks stability, responsiveness and efficiency the negative argued. They showed that it is a government by factions resulting in hasty legislation and poor officials because of the lack of permanency in tenure of office. They characterized the cabinet system as a disturber of governmental equilibrium and advocated the use of the recall, initiative and referendum in

(Continued on Page Three.)

SENTINEL PICTURES MAY BE TAKEN UP TO CHRISTMAS

The time for taking pictures for the Sentinel has been extended until December 24 to accommodate the Missoula students and others who intend to remain in town during the holidays, who have not yet had their pictures taken.

The contract for manufacturing the cuts to be used in the book has been awarded to Buckee-Mers of Minneapolis and the staff expects to have all pictures assembled and ready for mailing before the middle of January.

STUDENTS TO MEET IN BIGGEST TOWNS DURING VACATION

Of the 350 students returning home for the Christmas holidays those in Butte, Billings and Great Falls are planning home-coming meetings for former students and alumni of the university and for members of the high school graduating classes. The students will organize city clubs and hold these social gatherings as a means of meeting prospective high school students and of getting better acquainted with alumni of the university.

The students from other towns are also making preliminary arrangements for these get-together meetings. The large numbers attending the university from Helena, Kalispell and Lewistown promise to make the home-coming an interesting social feature of the holiday vacation.

ORCHESTRA TUNES UP AT LAST CONVOCATION

PROFESSOR AYER EXTENDS THE CHRISTMAS GREETINGS

The University of Montana orchestra, under the leadership of Professor Cecil Burleigh, professor of violin at the university, consisting of 11 pieces, made its first public appearance this morning when it gave a program before the student convocation held in assembly hall of the main building.

Though the entertainment was short, the orchestra left a pleasing impression on its audience and heaps of praise were piled upon the head of Mr. Burleigh for the success he accomplished with his "troop."

The convocation was the last of the year. Professor Leslie Ayer of the law school and manager of student assemblies, in wishing for the students "bushels" of good cheer for the holiday vacation, impressed upon those returning home the value of forming city clubs with high school graduates. With the large number of students from the larger cities of Butte, Great Falls, Billings, Helena and other cities, social functions could be given by these clubs which would be the feature of holiday entertainment.

ENTHUSIASM REIGNS AT FOOTBALL BANQUET

MUCH PRAISE FOR WORK OF
COACH JERRY NISSEN BY
SPEAKERS.

GOLD EMBLEMS PRESENTED

BUSINESS MEN SHOW APPRECIATION OF PLAYING IN SYRACUSE GAME

The banquet, given by the chamber of commerce of Missoula to the football men of the university at the Florence hotel last night, meant almost as much to the school as did the Syracuse game, which prompted the feast. The co-operation of the business men, the decided ebullience of the college students and the general spirit of good fellowship which characterized the evening were and are worth much to the university.

Gold Footballs.

The honor of giving the emblems fell to A. L. Stone, dean of the journalism school. Prefacing each presentation with some words regarding the player, he made the ceremonies most pleasing. As each man received his gift, he responded with a few words and from these little speeches came a good part of the merriment of the evening.

Through all of the speeches there rang true tribute to the man who turned the trick against the eastern invaders—Jerry Nissen.

When it came his time to speak, the coach was at a loss what to say. He modestly said that a team that had the fight could win no matter who was in the coach's position. He predicted victory in the game against Syracuse next year and told the business men and students that Ronald Higgins was really the unsung hero of the season.

Those who received the emblems from the chamber of commerce were Jerry Nissen, Ronald Higgins, Captain Leonard Daems, Captain-elect Earl Clark, Alfred Robertson, Norman Streit, Christian Bentz, Claude McQuarrie, Lawson Sanderson, Ira Blackwell, Harry Adams, John Layton, John Kerran, Sam Cook, Cecil Vance, Peter Mahrt, Phil Sheridan, Frank Dreis, Max Flint, Charles Wingett and Boyd Van Horn.

The tokens are little gold footballs with an inlaid silver "M," each one engraved with the name and position of the player and the score of the Syracuse game.

EVERYBODY'S GOING TO HI-JINX TONIGHT

FACULTY WILLING THAT TEAM TRAVEL TO PLAY SYRACUSE

That Montana will play Syracuse university in the Archibald stadium in Syracuse on November 4 of next year is now almost certain. The faculty committee in a special meeting yesterday placed their O. K. on the trip to the east for the Grizzlies, provided enough of a guarantee can be offered to cover expenses. Coach Jerry Nissen now will communicate immediately with Graduate Manager Walter Smith of the Orange team and arrange for the guarantee and contracts.

The team is scheduled to play W. S. C. here on October 28 and will probably leave here that night in order to break the trip and have a couple of practices before reaching the Salt city. Nissen is very enthusiastic about the game and is sure that Montana will out play the Orange as they did here on Thanksgiving day.

SUMMER SCHOOL LETTERS BEING SENT TO TEACHERS

PROFESSOR ROWE, SESSION DIRECTOR, PREPARING COURSE.

Preliminary announcements of the next summer session of the university are being mailed to teachers in Montana and nearby states this week by Dr. J. P. Rowe, head of the department of geology, who was recently appointed director of the summer school.

The summer session will open, June 19 and close July 29. Dr. Rowe is corresponding with prominent educators in Montana and elsewhere with a view of adding to the faculty of the school as competent a force of lecturers on special subjects as is to be found in the West. The new director hopes to make the summer school a session which will appeal especially to the Montana school teacher and courses of study will be arranged with this in view.

Funds for the summer school were appropriated by the state board at the meeting held in Helena last week. The board voted \$12,000 to cover the expenses of the session. This is a slight increase over that of last year.

First a Show, Then a Christmas Tree and Last but not Least a Dance — Last Jolly- Up Before Holidays.

Hi-Jinx!

What does it make you think of? Un-m-m—
A huge Christmas tree, and mysterious whispers and a box of packages in the hall, and the present that's a mighty good take-off on your pet hobby, and a show that's full of local hits.

Hi-Jinx!

Oh, there's magic in the word. Incidentally, there's a strange medley of sounds that come tumbling down the steps of the main hall from the assembly, and there's the pound of dancing feet. And always there is that eternal system that surrounds it all.

Hi-Jinx!

There were lights in the gym last night. Who said Christmas trees? And that box has at last been placed in the hall. And say, talk about your old packages. The ten-cent store is a great place to do your Christmas—no, I beg your pardon—your Hi-Jinx shopping.

Hi-Jinx!

If you don't go you'll miss it sure. But of course you'll go. Everybody goes. You can't hang up your stocking, and the Santa Claus is the kind father used to be, but you're going just the same. The Christmas spirit turned loose in the gymnasium for a fun-mad frolic—

That's Hi-Jinx!

First there's the show in convocation (an' it's going to be a real show, ask any of the girls). Be there early

(Continued on Page Four.)

LAW FRAT TO INITIATE NEW MEN AT BANQUET

The first annual initiation banquet of Pi Delta Alpha, a fraternity formed in 1912 for the purpose of promoting a high standard of professional ethics and culture in the law school and the profession at large, will be held at 6 o'clock this evening in the Florence hotel.

The following men in the law school will be made members, having been chosen upon the basis of their scholastic standing and professional promise: Clarence Hanley, H. A. Johnson, John Kerran, Edwin Cummings and Stuart McHaffie. The present members of Pi Delta Alpha are: A. W. O'Rourke, Thomas E. Davis, R. D. Jenkins, Isaac Crawford, Payne Templeton, Horace Judson, and Harold McMartin.

The following members of Phi Delta Phi, resident in Missoula will be guests at the banquet this evening: Jay McCormick, Ralph Andrus, R. P. Smith, and Fred Angvine. Wayne Matheny, Paul Dornblaser, Carl Cameron and E. B. Craighead, Jr., alumni members of Pi Delta Alpha, will also be in attendance.

BREITENSTEIN VISITS

"Bill" Breitenstein, who received his master's degree in journalism at the university last June, has returned to the campus from the Panama-Pacific exposition, where he has been connected with the management of Montana's exhibit.

CONFERENCE ELIGIBILITY RULES BEFORE FACULTY FOR ADOPTION WILL AFFECT ATHLETIC PROGRAM

Athletic eligibility rules similar to the rules of the Northwest conference, which will materially affect Montana's athletic program of future years, are being brought before the faculty of the university at the regular faculty meeting in Main hall late this afternoon. The new rules have the unanimous approval of the scholarship and athletic committees, and will in all probability be adopted.

Montana's delegates to the Northwest conference in Portland, early in December, Carl H. Getz of the journalism school and Coach Jerry Nissen, were prepared to announce eligibility rules for Montana in event of the formation of a conference with Montana as a member. The meeting resulted,

however, in the formation of the Pacific Coast conference.

Migratory Rule.

Chief among the new rules is the clause known as the "migratory ruling," which states that no student who has participated in intercollegiate contests for an institution granting a master's degree shall be eligible to represent the University of Montana until after taking one year's work in the university.

Specials Eliminated.

Special students are eliminated from participation in intercollegiate contests by the rule barring students who have less than 14 Carnegie units upon entrance to the university.

The time in which students may participate is limited to four years in any one branch of athletics. A student may, however, represent the university in intercollegiate contests for five years in two or more branches of sport. No student who has participated for five years shall be eligible to any intercollegiate contest.

Another rule holds that students will be ineligible to participate who have not maintained a satisfactory scholastic record since registration, in three-fourths of the regular university work. The regular number of credit hours is 15½. Participants must also have passed in more than half of the previous semester's work.

THE MONTANA KAIMIN

Pronounced "Ki-meen." This is a word taken from the language of the Selk'w'it tribe and means writing, or something in black and white.

Published on Tuesday and Thursday of every week by the Associated Students of the University of Montana.

Subscription rate, \$2.00 in advance.

Entered as second class mail matter at Missoula, Montana, under act of congress of March 3, 1879.

MERRY CHRISTMAS

Merry Christmas! Commonplace greetings if said in a commonplace manner, but words which mean more than combinations of letters can express when spoken from the heart. Merry not in its accepted meaning of light and frivolous, but rather happy and cheerful, optimistic and hopeful; one filled with such pleasure as giving brings; one which excludes no thought of Belgium and Serbia; rather one which contemplates the devastation of Europe, yet retains faith in the triumph of good; one which holds before you the purpose of the day, the birthday of Him who lived so perfect a life that the civilized world reckons from the day of his birth—that is the sort of Christmas we wish every student.

May every homeward bound student carry from the University of Montana a speck of happiness, which, like a point of radium, will brighten and enliven everything with which it comes in contact. To parents, sisters, friends, may we carry a ray of sunshine which, showing in our smile, will travel and spread until the Montana spirit will be the Christmas spirit.

Then may we carry back to school from the side of the Christmas tree that same Montana-Christmas spirit, bringing it with us into our work and our play, keeping it near us in times of sadness, in times of gladness, until the true Montana spirit will be true Christmas spirit.

FOXY FORESTERS FILL FORESTRY SHACK WITH ENTRANCING MELODIES

There's music in the forestry building. Not the shrill treble of a whistle, but real music. That is, it can be called that. Just walk around the building late in the afternoon, or some time when classes are not in session, and you'll hear the tantalizing strains of dance music, or the steady beat of "M-ON-TA-NA."

The foresters have a piano. They also have a forestry club, and what is a club without music? So now there is a piano in the foresters' shack. And that's not all *** there is a glee club, too. A foresters' glee club, and a quartette, and a piano. Weren't you told there was MUSIC?

When you get tired of studying, just wander over that way. Perhaps you'll hear that freshman, Kane, at the piano, just making the air tremble with its desire for a fox trot. Or perhaps you'll hear the deep bass of "Shorty" Schlegel, or the melodious voice of Brooks, or the harmony of Vance.

For "It's always fair weather when good fellows get together" *** Even if it is in a forestry shack where the men wear stag shirts and hobnails in their boots.

INSPIRATION OF WEST AIDS PROF. BURLEIGH

The latest compliment paid to Professor Cecil Burleigh by the musical publications of the country is a full page article by Lawton Mackall in the Musical American for December 11.

Discussing the compositions of Professor Burleigh and the inspiration of the West upon his music, the writer says: "A young violinist, named Cecil Burleigh, has quietly discovered a musical gold mine in the great west. Setting there five years ago, he has staked out his creative claim and the vein of ore which he has hit upon is far from showing any signs of exhaustion in either richness or abundance to give promise of almost unlimited possibilities."

Speaking of Professor Burleigh's tour through the East during the Christmas holidays Mr. Mackall says: "The largest work which Mr. Burleigh has composed is a Violin Concerto that recently won a prize in Chicago. This has just been published, with piano accompaniment, by the Clayton Summy company. Mr. Burleigh as winner of the contest is to play the concerto in the Chicago Auditorium, with the orchestra conducted by Glenn Dillard Gunn. "This season Mr. Burleigh is to make his first concert tour in the East, featuring his own compositions. The success as a virtuoso, which he has achieved in the West and the favorable impression created everywhere by his compositions when played by such violinists as Albert Spaulding, Maude Powell, Florence Austin and David Mannes, would seem to assure him a most hearty welcome."

The best type faces, the best printing press, the best kind of mechanics, makes the product of the Bureau of Printing the very best.

Joy just hangs on every puff

How a pipe of "Tux" does bubble over with good cheer and sunny comfort! There's something about the mellow taste of "Tux" that stirs a smoker's soul. It gets into his inside works, sweetens his disposition, and gives him that perky, chesty feeling, like a high-stepper trotting down the avenue.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Men who never smoked a pipe before are now smoking Tuxedo, because they have found that Tuxedo is the mildest tobacco made, and that it is the one tobacco that never irritates mouth, throat or nerves.

You simply cannot get another tobacco made by the "Tuxedo Process"—and that's the original of all processes for removing every trace of harshness and bite from the tobacco. It has been widely imitated, but never duplicated.

Try Tuxedo for a week, and you'll get acquainted with the sweetest, mildest, mellowest smoke in the world.

CATHOLIC CLUB JOINS NATIONAL ASSOCIATION

AT CONVENTION HELD AT PURDUE LOCAL ORGANIZATION ADMITTED

—Word came yesterday to President O'Rourke of the Catholic Student's Association that the petition of the local organization to the convention of the national association had received favorable consideration and that the Montana club had gained national affiliation. The ninth annual convention to which the petition was addressed, was held on December 3rd and 4th at Purdue University, West Lafayette, Indiana.

The Catholic Students' Association of America is the national organization of students' clubs in universities and colleges and is essentially and exclusively an association of college men and women. The roll now includes local associations in about thirty of the leading colleges and universities of the country, among them being the Universities of Minnesota, Wisconsin, Illinois, Iowa, Idaho, California, Nebraska, Indiana, Colorado, and North Dakota. The national association publishes a magazine known as "The Student" devoted to the interests of its members.

This honor bestowed upon the local club and the university comes as a fitting climax to the efforts of the officers and members during the past two months to provide for the Catholic students of the university a medium through which they might become better acquainted. The work of study clubs and lectures will be prosecuted immediately after the holidays and with the knowledge that the local club has gained national recognition each member will be filled with additional enthusiasm and inspiration to carry on the work. A number of prominent speakers are being booked for lectures to be given at regular intervals. The preliminary work leading to a suitable building for the association is also under way and it is the hope of the club to see their building erected before long. A big social meeting has been planned for the week after the holidays to celebrate the national recognition just received.

EIGHT DEBATERS CHOSEN (Continued From Page One.)

national affairs and in conclusion showed that the cabinet form cannot be used under conditions existing in the United States.

The second debate which was scheduled for Wednesday evening, which was called at 6 o'clock on account of a conflict with the football banquet, was one of the most spirited try-outs ever held in the University hall, and was enlivened by sharp, quick rebuttal by both sides. Howard Johnson, Payne Templeton and Alva Baird upheld the affirmative of the question, "Resolved, that the United States should form a responsible form of government" by three points, that this government is efficient, that this system is impracticable, un-American and unnecessary.

The negative side, composed of William Jameson, Stuart McHaffie and Will Long asserted that this responsible form of cabinet government should not be adopted in the United States because of three facts, that this system is impracticable, un-American and unnecessary.

Each speaker was given eight minutes for his main speech and was allowed four minutes for rebuttal.

R. D. Jenkins, professor in the English department, acted as chairman. J. E. Kirkwood, professor of botany, Carl Holliday, professor of English and George Coffman, professor of English, judged the debates.

Manager Long announces that a meeting will be held immediately to select teams for the debates with the universities of Utah, Oregon, North Dakota and Wyoming.

DEPARTMENTS WILL OFFER NEW COURSES FOR NEXT SEMESTER

The opening of the second semester February 2, will see many new courses open to the students of the university in the various departments of instruction.

The school of commerce and accounting will offer new courses in office management, salesmanship and office appliances. The department of music will offer a course in the history of music. A course in Montana history and in contemporary American history, will be offered by the department. The department will also offer courses in ethics, English announces new courses in the modern drama, the novel, and the theory of debating. The law school will offer new courses in damages and in municipal corporations.

A course in the psychology of advertising, which is designed primarily for students in the school of journalism, will be offered by the department of psychology. The psychology department will also offer courses in ethics, mental measurements, and mental evolution. The school of forestry will offer new courses in forest surveying, mapping and steam gauging. The department of physical education will offer instruction in the mechanics of exercise and the physiology of exercises. The home economics department is to offer a new course in needlework. Courses in the mineralogy, geography and geology of Montana will be offered by the department of geology.

The dining room at Craig hall will be open during the entire Christmas vacation, but no Christmas dinner will be served.

"Buck" Smead, one-time star full-back for the varsity, is one of the old students who will see Hi-Jinx tonight.

RANGERS FROM EVERYWHERE TO ATTEND SHORT COURSE

GUARDIANS OF FOREST WILL ENTER SCHOOL WHEN UNIVERSITY REOPENS.

The seventh annual session of the short course for forest rangers opens at the University of Montana on January 4, 1916. The short course, or ranger school, is an important part of the work of the forest school. Its purpose is to offer technical training to men who have had some experience in woods work, and to enable men already in the employ of the Forest Service to secure promotion.

Among the students who have already registered for the 1916 session of the ranger school are several men who attended the school last year and who have returned for more advanced training. Four of these men are already in Missoula, waiting for the opening of the ranger school. One prospective student is a man of considerable prominence in British forest administration. This is E. H. F. Swain, district forester of New South Wales, Australia. Mr. Swain desires to make a study of American methods of conservation as practiced by the forest service, and he selected the forest school of the University of Montana as being the most efficient and practical school in which to carry on his study.

F. G. Clark, highway engineer of the United States Forest Service, will lecture on forest improvements. J. B. Somers, forest examiner, Forest Service, will speak on fire protection; R. B. Adams, telephone engineer, will discuss telephone construction; E. W. Kramer, district engineer, will talk on water power; and H. S. Youngs, grazing expert, will tell of grazing management. Each of these five men is in the employ of the United States Forest Service, and each of them will give four lectures.

by rolling your cigarettes with Riz La Croix papers—the universal choice of smokers of experience, because of supreme quality, convenience and satisfaction.

RIZ LA CROIX
(Pronounced: REE-LAH-KROY)
FAMOUS CIGARETTE PAPERS

Their texture is so pure, light and thin—their combustion so perfect—that there is not the least trace of paper-taste in the cigarette smoke.

They never burst in rolling and hold perfect shape, because of tensile strength and natural adhesive-ness. Made of the best flax-linen—a pure, vegetable product—they are entirely pure and healthful.

FREE
Two interesting, illustrated Booklets—one about RIZ LA CROIX Cigarette Papers, the other showing how to "Roll Your Own" cigarettes—sent anywhere in U. S. on request. Address The American Tobacco Company, Room 1401, 484 Broome Street, N. Y.

FACULTY TO SCATTER FOR VACATION TRIPS

INSTRUCTORS WILL TRAVEL TO
BOTH COASTS FOR THE
HOLIDAYS

Although most of the faculty will spend the holidays in Missoula some members are planning vacation trips. Cecil Burleigh, professor of violin will give a two weeks' concert tour in the far east. He is scheduled to play a program of his own compositions before the largest musical organizations in the country, including the McDowell club of New York city and the Harvard Musical association of Boston. Clarence Mayor of Bloomington, Ill., will act as Professor Burleigh's accompanist.

A. N. Whitlock, dean of the law school, will spend the holidays in Kentucky visiting relatives. While east he will attend the annual meeting of the American Law School association, which is to be held in Chicago, December 29, 30 and 31.

W. L. Hart, instructor in Mathematics, will spend the holidays at home in Chicago. Miss Josephine Swenson, assistant professor of piano, will go to Sioux Falls, S. D., to spend Christmas at home. Mrs. Gertrude C. Paxton, instructor in home economics, will spend the holidays visiting relatives in Iowa. W. W. H. Mustaine, head of the department of physical education, will visit relatives in Kentucky. Before returning to Missoula, Professor Mustaine will inspect departments of physical education in several of the larger universities of the middle west and will also make a study of the instruction in physical education offered in the large city high schools.

Miss Ella Woods, instructor in home economics, will spend the holidays in Boise, Idaho, with her parents. Carl H. Getz, assistant professor of journalism, will visit his home in Tacoma, Wash., during the Christmas season. A. L. Stone, dean of the school of journalism, is planning a hunting trip into the Salmon lake country. Professor George R. Coffman of the department of English, will visit in Spokane during the holidays.

BUTTE DEBATER WINS PLACE ON UTAH TEAM

The Utah University debate team, which will meet a team from the University of Montana in Salt Lake City some time next semester was selected at a try-out held last week. The members of the team which will represent the Mormans are: Henry Beal, John Cotter and James White. Cotter is a graduate of the Butte high school, and was a member of the Utah team, which Montana defeated last year.

After having refused to debate the cabinet question, which Will Long, manager of debate, submitted to the southerners, Utah would not consent to argue the navy expansion question, which Oregon submitted to Montana, and has asked that the cabinet question be modified to make the meaning of certain words more plain.

Hi-Jinx show, dance and tree is free. It begins at 8:15 in convocation hall. Everybody's going.

made of Fruit Boxes.

EVERYBODY GOING TO HI-JINX (Continued From Page One.)

to get a good seat, for the show starts promptly at 8:15. Then, when that's over, there's the tree in the gymnasium, and the presents (sure I sent you one). Then when every little boy has his horn and every little girl has her doll, there's going to be a dance, a rollicking, frolicking, joy-bubbling dance. Oh, say, play that over again!

And everybody's there and everybody's happy and everybody's greeting everybody else before they say goodbye for the holidays. And the Christmas lights glitter and twinkle on the big tree, and your heart keeps time with your dancing feet.

That's Hi-Jinx.

MODERN CONFECTIONERY

Without a doubt the only place where they make all their own

Candy, Hot Drinks and Ice Cream
216 Higgins Avenue

ONLY A FEW DAYS LEFT

In which to make your Xmas purchases. Our stock is still complete, but going very fast. You can make your purchases here for the entire family at the usual saving of 25 to 50 per cent.

The Golden Rule

1. In the fingers of the left hand, hold paper, curved to receive tobacco, poured with the right hand.

2. Spread the tobacco the length of the paper, making it slightly hollow in the centre.

3. Then place your two thumbs next to each other in the middle of the paper in this position.

How To "Roll Your Own"

It's a simple, easy process. You can do it with your eyes shut after a little practice. And what a joy is the fresh, fragrant cigarette of "Bull" Durham rolled by your own hand to your own liking! You "roll your own" with "Bull" and note the difference.

**GENUINE
"BULL" DURHAM
SMOKING TOBACCO**

All over the world men of energy and action are rolling "Bull" into cigarettes. Probably not one of these millions of men "rolled his own" successfully at the first trial. There's a knack in it—"rolling your own" is an art—but you can learn it if you will follow these diagrams. Keep at it for a few days and you'll soon be able to make for yourself, to suit your own taste, the smartest, liveliest, mildest smoke in the world.

"Bull" Durham, made of "bright" Virginia-North Carolina leaf, has a mellow-sweetness that is unique and an aroma that is unusually pleasing.

Start "rolling your own" with "Bull" Durham today and you'll never again be satisfied with any other kind of a cigarette.

Ask for FREE package of "papers" with each 5c sack

THE AMERICAN TOBACCO COMPANY

4. Roll cigarette on lower fingers, index fingers moving up. With thumbs gently force edge of paper over the tobacco.

5. Shape the cigarette by rolling it with the thumbs as you draw them apart.

6. Hold the cigarette in your right hand, with edge of paper slightly projecting, and—

7. With the tip of your tongue moisten the projecting edge of the paper.

8. Close ends of cigarette by twisting the paper. The cigarette is now ready to smoke.
